O R D E R:

In the letter read above, the Deputy General Manager, Vijayawada Dharmapuri pipeline Project (VDPL) has informed that as a part of VDPL project, it is required to set up Pumping stations, Pigging stations & Sectionalizing valve stations enroute in the districts of Krishna, Guntur, Prakasam, YSR & Chittoor in Andhra Pradesh. Each Pumping / Pigging station will require approx. 15 acres of land and each sectionalizing valve station (SV) will require approx. 1 acre of land. Land purchase for all the proposed stations is very critical for the project completion within stipulated timelines. For expediting the purchase of Patta lands by direct negotiations with farmers, he has requested to constitute a negotiation/facilitation committee consisting of District revenue authorities and following members from HPCL officials for direct negotiation with land owners. They are required to start construction by July 2018 after taking possession of these lands.

1) Chief General Manager/GM- Projects/Operations, HPCL
2) DGM- Procurement, HPCL- Pipeline Projects
3) GM/ DGM- Finance, HPCL.
